

Providing Your
Practice With Reliable
HA Injections,
And A Complete
Suite Of Support
Services.

5 injection hyaluronic acid regimen

Simplicity & Convenience, Experience The Difference.

When it comes to hyaluronic acid (HA) injections, your success is our success. That's why we're always looking for ways to ensure every engagement and interaction with us is simple and stress-free. We're committed to your practice by providing not only GenVisc®850, but HARMOKNEE®, our comprehensive suite of practice support services designed to make accessing HA for your patients easy while saving you time. HA injections may be a small part of your practice, but convenient access is especially important since it allows you and your patients to get back to the things that matter.

Unique reimbursement code J7320

GenVisc850 is indicated for the treatment of pain in osteoarthritis (OA) of the knee in patients who have failed to respond adequately to conservative non-pharmacologic therapy and simple analgesics. GenVisc850 is approved in 64 countries with over 45 million syringes distributed worldwide.¹

Proven¹

- GenVisc850 has the largest and longest duration double blind clinical study of hyaluronic acids for knee osteoarthritis.²
- GenVisc850 has been published in over 30 clinical studies.³

Effective

- Demonstrated improvement in pain relief may last up to 30 weeks post first injection cycle⁴
- Demonstrated improvement of total WOMAC index at 30 weeks: Pain, stiffness and functional capacity⁵
- Approved for 5 injections but some patients may benefit from as few as 3 injections⁶

Safe⁷

- Safe as saline placebo
- Free of avian proteins
- Demonstrated safe for repeat injection cycles

HA Support For Your Practice. HA Support For Your Patients. That's Harmoknee[®].

With HARMOKNEE practice support services, we aim to eliminate the uncertainty and busy work that gets in the way of your daily operations. From ordering HA and submitting prior authorizations, to offering a patient payment program, HARMOKNEE means your practice can deliver the best patient experience possible.
