

ACCESSIBLE HA INJECTIONS

HARMOKNEE* Practice Support Services

EXPERIENCE THE DIFFERENCE.

When it comes to hyaluronic acid (HA) injections, your success is our success. That's why we're always looking for ways to ensure every engagement and interaction with us is simple and stress-free.

We're committed to your practice by providing not only HA, but HARMOKNEE, our comprehensive suite of practice support services designed to make accessing HA for your patients easy while saving you time. HA injections may be a small part of your practice, but convenient access is especially important since it allows you and your patients to get back to the things that matter.

**Doses Administered
Worldwide^{1,2}**

Highly Purified HA[†]

Produced by bacterial biofermentation technology

Free of avian proteins[†]

PROVIDING YOUR PRACTICE WITH HA INJECTIONS AND PEACE OF MIND.

Discover first-hand why practices have chosen our 5 and 3-injection non-avian HA for their patients. We're always striving for ways to make GenVisc850 and TriVisc part of your routine. Because at the end of the day, we don't want you to be thinking about HA injections, just that you have helped another patient get back on their feet.

GenVisc[®]850

- Approved in 69 countries with over 45 million syringes distributed worldwide[†]
- Demonstrated safe for repeat injection cycles[†]
- Provides significant pain relief with results that last up to 6 months[†]
- Unique reimbursement code **J7320**

TriVisc[®]

- Removes the risk of avian allergies and sensitivities[†]
- Safe for repeat injection cycles[†]
- Supported by published clinical data[†]
- Unique reimbursement code **J7329**

HA SUPPORT FOR PRACTICES. HA SUPPORT FOR PATIENTS. THAT'S HARMOKNEE.

With **HARMOKNEE** practice support services, we aim to eliminate the uncertainty and unnecessary busy work that gets in the way of your daily operations. From ordering HA and submitting prior authorizations, to offering a patient payment program, HARMOKNEE means your practice can deliver the best patient experience possible.

Direct Purchase Program³

NO INSURANCE REQUIRED. NO BENEFIT INVESTIGATION NEEDED.

The Direct Purchase Program allows patients to access HA directly. For patients who don't have insurance coverage for HA injections, or choose not to use it, the Direct Purchase Program is an affordable and convenient way to access their GenVisc850 or TriVisc prescriptions. Patients purchase the HA directly from our exclusive pharmacy network, then the product is shipped to your office so you can schedule the treatments. With this program, patients realize significant savings over standard prices (and, it is both HSA and FSA eligible).

Direct Purchase Program

OUR MISSION

In the face of the global opioid epidemic, the Avanos Pain Management and Recovery portfolio provides non-opioid solutions tailored for the management and treatment of chronic and post-surgical pain.

Avanos continues to push toward a growing portfolio of opioid-sparing therapies. This includes HA injections and radiofrequency nerve ablation for chronic pain, cryocompression therapy for injuries, and post-surgical pain pumps for recovery. Each product is designed to help patients get back to the things that matter.
